The interface displays three horizontal sliders, each representing a different weight category. The top slider is for GPA, with a value of 50. The middle slider is for Personal Endorsements, with a value of 30. The bottom slider is for Skill Endorsements, with a value of 15. Each slider has a scale from 0 to 100 in increments of 5. Below the sliders, there are three buttons: 'Publish Internship' (orange), 'Create Draft' (blue), and 'Cancel' (white).

Category	Weight (%)
GPA	50
Personal Endorsements	30
Skill Endorsements	15

The weights selected will be used to rank students during the selection process

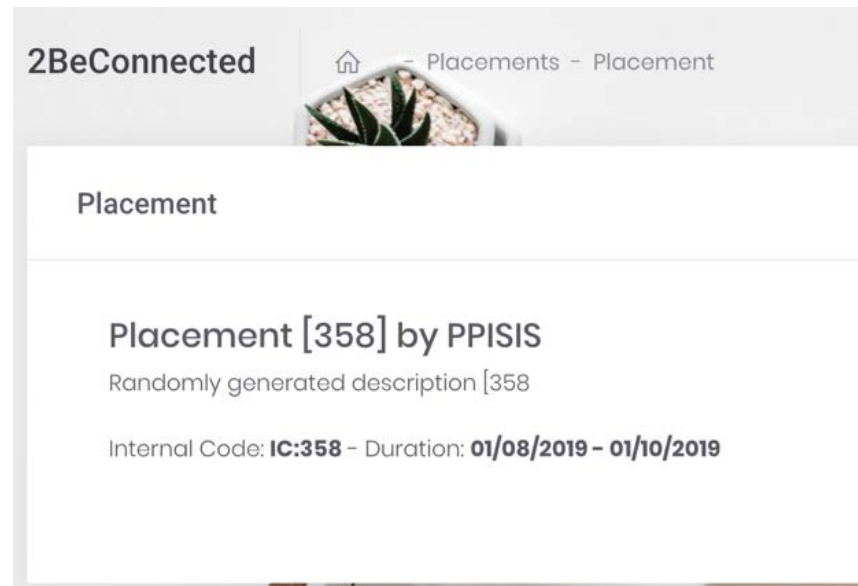

Note that different weights can be used for each placement of the same organization.

PUBLISH PLACEMENT

PLACEMENT ALERT

STEP #2:
PUBLISH
PLACEMENT

The students that can apply for the placement, receive a placement alert automatically generated by the system. They can then click and apply for the placement.

The screenshot shows a web interface for 2BeConnected. At the top left is the logo "2BeConnected". To its right is a home icon and the breadcrumb "Placements - Placement". Below this is a header "Placement" with a horizontal line underneath. The main content area displays "Placement [358] by PPISIS" in bold, followed by "Randomly generated description [358]" in a smaller font. At the bottom, it shows "Internal Code: IC:358 - Duration: 01/08/2019 - 01/10/2019". A small image of a succulent in a white pot is visible in the background of the header area.

RECEIVE APPLICATIONS

The system then waits until the expiration date allowing any student that matches the skills and meets all conditions (is in the selected university list, has less than two placements and does not have 5 active applications) to apply for the placement.

The organization can view the students that have applied.
