

UNIVERSITY OF CYPRUS
FOSS RESEARCH CENTRE FOR SUSTAINABLE ENERGY
DEPARTMENT OF ELECTRICAL AND COMPUTER ENGINEERING
SPECIAL SCIENTIST

Title: Special Scientist
No. of Positions: One (1)
Category: One (1) year with possibility of extension
Location: University of Cyprus, Nicosia

Application Code: FOSS2022SS-18

The PV Technology Laboratory of FOSS Research Centre for Sustainable Energy of the University of Cyprus, announces one (1) vacancy for a full-time or part-time Special Scientist position to work on research of the lab.

It is noted that one (1) month of full-time employment at the University of Cyprus corresponds to 140 working hours.

REQUIRED QUALIFICATIONS:

- Bachelor and/or Master's degree in Electrical Engineering, Electronic Engineering, Computer Engineering, Mechanical Engineering, Physics and Geoscience with a grade of at least a 2.1 class or equivalent.

ADDITIONAL QUALIFICATIONS:

Experience in any of the following research fields will be considered an advantage:

- Geospatial analysis and remote sensing applications (ESRI ArcGIS, QGIS, Google Earth Engine platform)
- Spatial data analysis and automated processes (GIS tools, Python and R programming languages).
- Post-doctoral and/or working experience in programs funded by the EU.

DUTIES AND RESPONSIBILITIES:

The Special Scientist will be conducting research according to the needs of the research projects of the Photovoltaic Technology Laboratory in the field of Geospatial analysis and geoprocessing and specifically, undertake GIS mapping and geospatial analysis in the field of energy.

Additional duties include:

- Drafting reports and research publications.
- Support in writing Research Proposals.
- Supervision of research projects conducted by bachelor (final year students).
- Support in research project management.
- Contribution to the dissemination of results and in educational activities.

EMPLOYMENT TERMS:

The initial contract is for 12 months, with the possibility of renewal upon successful progress. The maximum monthly gross salary for full time employment (i.e. 140 hours per month) is in the range of €1400 to €2,436.90 (i.e. from €10.00 per hour to €17.41 per hour), depending on the candidate's experience, qualifications, and specific duties. Employee contributions to the various Government Funds will be deducted from the aforementioned amounts. 13th salary is not provided.

Ideally, the position will be combined with an application for a PhD at the Department of Electrical and Computer Engineering, University of Cyprus, with the subject of the doctoral thesis being related to the research work conducted.

APPLICATIONS:

Interested candidate should submit the following:

1. Letter of interest for the specific position.
2. Full CV including description of previous experience, as well as reference to the grades of degrees and school certificate (*apolyterion*).
3. Copies of degrees and transcripts of Bachelor and/or Master's degree(s).
4. Name and contact details of two referees for recommendation letters.

Please send your application by **Friday, 27^h of January 2023**, via email to foss.vacancies@gmail.com and nicolaou.anastasia@ucy.ac.cy with subject title: **FOSS2022SS-18 Application**.

At least the best three candidates that satisfy the required qualifications, will be interviewed by a 3-member Committee.

Candidates shall be informed of their application result by the relevant entity.

The University of Cyprus shall collect and process your personal data according to the provisions of the General Regulation on Personal Data 2016/679 (EU).

The University of Cyprus (UCY) is committed to promoting inclusivity, diversity, and equality, as well as the elimination of all forms of discrimination in order to provide a fair, safe, and pleasant environment for the entire university community, where students and staff members will feel supported both in their professional and personal development, within and beyond their multiple identities. To this end, UCY seeks to create the necessary conditions that will encourage and respect diversity, and ensure dignity both in the workplace and society at large. Moreover, UCY has adopted specific policies to promote equal opportunities, as well as respect and understanding of diversity, while it is committed to promoting and maintaining a working, teaching, and learning environment, free from any form of discrimination, whether direct or indirect.
